TAYLOR, OF O'BORO ADDRESSES C. F. B.

Encourages Farmers of Breck. County to Join Farm Bureau Membership Now 125.

The Farm Bureau of Breckinridge county met at the Court House in Hardinsburg, Saturday, April 10, pursuant to a call of the President Vice.

There was a good attendance, and every member present was enthusiastic and each one showed that he was thoroughly aroused to the work the organization had in hand.

After the reading of the minutes of the last meeting, Hon. John E. Monarch made a fine speech and introduced Mr. Taylor, of Owensboro, who spoke on the importance of the farmers being organized if they expected to keep abreast of the times and accomplish anything for themselves. He told of how the farmers of his county had saved money in buying supplies for the farm and the saving they had made in the item of fertilizers alone. He said it was very important for every farmer in the county to join this organization, that the membership fee was nothing compared to the benefits derived from being a member.

The question of the constitution and by-laws was taken up and it was decided to defer it until the next meeting also the election of an executive board.

Several new members were enrolled. The membership now is around 125.

Bred Gilts for Sale

BRED TO FARROW IN APRIL

When you can save all the pigs, these gilts are good individuals of the very best breeding that I have been able to buy at any price; and bred to a son of Black Price the 1918 Grand Champion of the world and Big Uncle Sam by Big Buster by Giant Buster, The Epoch Maker, the latter hog is the largest boar that I have ever seen for his age and I have looked over some of the very best ones. These hogs are priced right, regular breeders stuff at farmers prices that we can all afford to pay.

If you want a herd boar that will put you in the limelight, a real boar, a son of Black Price, this is breeding that you cannot find anywhere else at three times the price that I am asking for him a great pig for some one that needs him at a bargain. This pig is right for hard service about eleven months old.

50 years of experience behind SWIFT'S RED STEER FERTILIZERS

The reputation of these famous fertilizers has been built by the profit farmers have made from their use. They are known wherever big yields are grown.

Years of field and laboratory experience have taught the Swift staff of chemists just what materials are needed in a fertilizer to produce the largest and most profitable crops.

Best materials used

They have access to all the blood, bone and tankage they want from the Swift packing plants. Other raw materials are bought in huge amounts to meet the requirements of special crops.

We carry Swift's Red Steer Fertilizers because we know they will make your farming more profitable. Come in and talk fertilizers with us.

New Suits of Uncommon Attractiveness

Not only in a matter of up-to-date styling is this showing especially worthy of note, but because of its astounding variety, too. It includes, besides trig tailors, the most bewitching of bolero, Eton and ripple affects. You may choose from a host of fabrics, the most popular of which are tricootines and serges.

Advance Showing of Spring Blouses

Included in the collection, which we have just received, the following materials are represented:

GEORGETTE CREPES DOMESTIC VOILES
SATINS CREPE DE CHINE
HABUTAI SILKS FRENCH VOILES
and other Novelty Fabrics.

The styles are all distinctly new and express a degree of smartness that will appeal to those who appreciate blouses that are different.

Buying the Best in Footwear is Real Economy

While the tendency of the times seems to be an ever lessening attention to qualities and workmanship, such is not the case here. We pride ourselves on being able to maintain our same rigid standards of good value, style and careful construction as we did when production was not made difficult by unsettled conditions and rising costs. Our shoes look right, wear right and impart a full measure of ease and comfort.

Here you will see charming Patent Pumps, exquisite one-eyelot ties, beautiful Oxfords and all that is newest in High shoes as well.

Why not select hosiery to match while you are in the store?

IS MAN MORE BEAUTIFUL THAN WOMAN?

Unquestionably. If it were not so why do women need so much that is artificial to set them off?

Beauty, the poet tells us, Needs not the foreign aid of ornament. But is when unadorn'd, adorn'd the most. A man may have a hay window and three chins hut, with a shave and a shine, he will fare forth and face the world secure in his knowledge that nature has been generous in its gifts to him. Would a woman of wide waist and many chins do likewise? Never. No woman who is a daughter of Eve is happy unless she has gone through purgatory and had her hair marcelled in a permanent wave. A man with a head as innocent of hair as a hard boiled egg will bare his dome unflinchingly for all who care to see. France bases its hope of reconstruction on the vanities of women. Men's interests centre largely on the ticker and the tobacco crop. It is a tragedy to women if she is not in style. Man never loses his sartorial satisfaction if his collar buttons behave. If woman does not acknowledge she is lacking in beauty why does she spend half her life trying to make herself beautiful? Man, conscious of his pulchritude, remains as God made him and is supremely satisfied with the job, for a thing of beauty is a joy forever—Commerce and Finance.

Our City Council is to be congratulated on passing the ordinance to build an asphalt street through the main part of our town. This is another progressive step for a better and bigger Cloverport, and it lends encouragement for better things later on.

The expense of building the road is to be borne by the property holders along the street from the L. H. & St. L. depot to Whitehead's corner and the majority favored making this improvement.

With this off of hands the City Council is now deliberating on the water-works proposition. Realizing that the latter is a much larger undertaking, it necessarily requires some deliberation. But in the meantime, are we as citizens encouraging the Mayor and his Councilmen to take definite action toward getting water-works for Cloverport, or are we continually throwing cold water on the proposition by discouraging any thought of trying to get them?

"It cannot be done," says the man without imagination. And who wants to be credited with having no imagination?

It can be done if we set our minds to do it.

George Carpentier, the famous heavyweight champion of Europe, landed in America some few days ago both well escorted and well robed. For instance he brought thirty-five trunks, a valet, a maid, secretary, manager, trainer and last but by no means least, a pretty young wife. We read that in these thirty-five trunks he carries one hundred silk shirts, with separate soft collars to match, twenty overcoats, three fur coats, one fur robe, seventy-five suits and as many pairs of shoes, at least two hundred neckties. To say nothing of what the pretty young wife must have in her wardrobe.

Is it any wonder that our American youths make idols of heavyweight champions?

It isn't anything out of the ordinary in London to have a good looking English girl who has earned a B. A. degree, to stand behind the counter and display fine silks to you. The English school teachers are quitting the school room for more profitable business. And what can be more delightful to the tired shopper than to have someone of intelligence to wait upon you.

Every town profits by having a Civic Improvement League. We should like to see one organized in Cloverport right soon.

There are many new fangled religions abroad in the land today, but the old fashioned kind is good enough for us.

Just be patient. We have yet to go through dogwood and blackberry winters.

BETTER ORCHARDS IN BRECKENRIDGE

County Agent Loy Adopts Plan To Interest Fruit Growers in Growing Better Fruit.

The Horticultural Department of the University of Kentucky thru the Extension Specialist Mr. H. R. Niswonger and the County Agent, N. H. Loy is cooperating with Messrs. James McCoy, Harned, Ky., Dr. Sphire, and Thomas L. Callahan, Hardinsburg, Ky., in renewing their old orchards.

The plan is to carry these orchards thru a period of five years in order to show the possibilities in scientific care of fruit trees as well as bringing in a return to the owners. The orchards in the past, similar to numerous other orchards in the county have received very little care in the way of pruning, spraying and soil treatment. These orchards have already received dominant pruning and the spray of lime sulphur for the control of San Jose scale. Following this dormant spray there will be put on four summer sprays for the control of the apple worm and the many rots that infest the fruit.

In addition to the pruning and spraying the orchards which have been in sod will be disked and about seven tons of manure per acre used as a mulch on the ground around the trees. A cost account record will be kept by the owners of the orchards to show the actual net returns per acre.

Ten per cent of the trees in each one of the orchards will be used as checks and will receive no treatment in order to show the contrast between cared and neglected trees in the production of perfect fruit.

All fruit growers in the county interested in growing better fruit are requested to watch the results obtained by the above named demonstrators. Field meetings will be held during the summer in the orchards when the different sprays are applied and all interested parties are invited to be present.

CHINESE ALPHABET REDUCED TO 39 CHARACTERS.

Shanghai, China—Chinese of future generations will write in phonetic script and use a typewriter with only thirty-nine characters, instead of plying a brush to draw 10,000 or more hieroglyphics, if mission workers succeed in an effort they are making to revolutionize handwriting in use in China for more than 4,000 years. The work of the missionaries is at last beginning to receive official sanction, and they entertain hopes that eventually the Chinese brush, ink block and ink tablet will have to go to give place to more modern methods of communicating ideas. Their purpose is not only to simplify China's handwriting system, but to give the country a common tongue to replace the present-day babel, which renders even the native who is away from his own home district almost as helpless as a foreigner.

BONUS FOR FARMERS ASKED.

Washington, April 7.—The farmers will get a wheat bonus, if a bill introduced by Senator Capper (Kans.) today passes. It proposes to make good to the wheat growers the losses they suffered by reason of the sale of their 1917 crop at the Government price of \$2.20 the bushel, when the free market price would have been much higher.

Under the terms of the bill, the Secretary of Agriculture is to investigate the whole matter, and administer the act, determining who are entitled to reimbursement. It is estimated the total loss does not exceed \$250,000,000.

TWO VIALS

"A feller 'way down there on Fiddle Creek found a bottle floating in the water tuther day," related an acquaintance "In it was a note from a lady, saying she was being held for ransom by a band of brigadiers, or what ever you call 'em."

"Hump," replied Heck Tarry of Straddle Ridge, Ark. "Tobe Swoller found a bottle in the road, whurr it had prob'ly struggled loose from some feller, and it was half full of bone dry ficker that made Tobe foller that he was so tough he could climb a honey locust tree backwards with a wildcat under each arm and never get a scratch."—Kansas City Star.

The lovely flowers at the M. E. church were loaned by Mr. and Mrs. H. A. Oelze.

"Uncle" Billy Tindall, young and sprightly at 73, came down from Stephensport with his young and blushing bride at 50, nee Mrs. Julia Hanks, of Stephensport.

Irvington—Miss Ellen Kitty Munford and Ree Washington spent Easter with Mr. and Mrs. Jonas Lyon, our hospitable hotel keeper.

Groveland—Quitting is the rage in our vicinity. Composing the party are Mrs. J. D. Jones and daughter, Miss Kendall, Miss Lou Shacklett, Miss Eula, Mrs. Ben Carrioco, Mrs. Sallie Carrie Allen, Mrs. J. C. Willett and daughter, Miss Lena.

Paynesville—John Mattingly visited his daughter, Mrs. S. E. Wilson, in Cloverport.

Ekron—Miss Mollie B. Board, Irvington, has been here the guest of Mrs. S. J. Brown.

Beech Grove—Mrs. W. M. Ditto has 125 hens and gets from 30 to 45 eggs every day, but has not come up to Tom Merritt's speckled hen which has laid eggs for 19 summers and winters and is still lively as a chicken.

Jolly—Mrs. Sam Jolly has over 100 young chickens.

Misses Judie and Orville Ball visited

in any part of the Magisterial District you see fit. Usurped or delegated, we don't claim to know. But if same is true and you do not give to the Webster district an equal portion with any other district, we will try to keep the air around you so warm that you will think that little flock of angels hovering around you is waving horns and spiked tails instead of yellow wings, and we will do it without any fear or trembling; we will do it with the full confidence that every tax payer in the district stands behind what I have said and will until justice is done in this district.

Out Inspecting Roads.

The crushed stone in the Irvington and Webster road you speak of, will say that I was over that road last week and inspected it and found some crushed stone in center of road ditched on each side. Good little piece of road, but I think our jitney jumped it. Went from there to the road that I think had about four-fifths of the money that has been spent on roads in the Fourth District and inspected that road too. In going out found the roads rounded up in the center, ditched on both sides, banks plowed and scraped down to five to six feet high the full length of the road, all low places graded up and rocked. Coming back I took notice that it had rained for several days and the road was dry and crusty, not a wagon track or buggy track, one lone "Fliver" track that I made going out seemed to be the only vehicle that had passed over that road since the rain. This road is in the Fourth too.

Now come back to Webster and I will show you some roads that stand the haul of from one to two car loads daily, four to eight teams running continuously, and have been for several years will continue indefinitely. When it rains whole bunch has to stop. Reason: some mud holes in the road.

In conclusion will say that I am for good roads the county over Webster precinct not left out. Voted for the road tax, and want to see the roads improve under the taxation.

Respectfully,
H. C. Stewart, Webster, Ky.

HATS IN THE RING.

A motor-board is there, perhaps; A cocked hat too we see, And there are also soldiers' caps Among the company.

A dunce's cap, we may be sure, Is thrown into the ring, And many straw hats premature Have also had their fling.

Obscure sombreros there repose With bowlers quite unknown, And silken ties fame never chose Among the rest are shown.

And over all, to top the pile And others to command, A beaver of an olden style With stars upon the band.

McLandburg Wilson.

MARRIED WOMEN AND "JOBS."

The number of married women in industry has increased one hundred per cent since the war, notes a statistical bulletin from Washington. The watchmaker of the United States is now a 19 year old girl. A furniture company at Grand Rapids, Mich., is advertising for housewives who will work at least two hours a day, suiting their own convenience as to when they will come. A Milwaukee factory, advertising for women workers, exhibits a picture of a bride, bridegroom and preacher with these words underneath: "Many marriages are made in our plant; come down and pick out your job." The factory evidently does not expect the girl to quit after her marriage. It looks as if the American home is going to follow the little red school house—Clapper's Weekly.

Failed to Hear Any Explosions.

What I will tell you is that I have lived in Webster and the Fourth Magisterial District most all of my life, and all last year I was tolerably close at home. I was over a good many of the roads, not all I will admit and I never heard a single explosion on the roads, never saw a man at work for the county never saw a team at work for the county, and never saw a tool bought for the county. If any person can prove that I did see, hear or know of any of the afore-mentioned items I will make an immediate apology for same.

Air Will Be Quite Warm.

You talk as if you had full authority of the apportioning of the road funds

THE OLD MARKET BASKET

"The surest way back to old fashioned price levels is to shop with the old fashioned market basket."—E. A. Cudahy, president of the Cudahy Packing Company.

How clear to my mind are the prices once I ruled my

When I was a boy and could eat all my fill.

When, famished I came from my much hated schooling

And sat down to dinner with Harry and Bill.

A great plate of meat—duck or turkey in season—

Corn, turnips, asparagus, peaches galore,

With three or four pies—there was no earthly reason

To stop except stomachs that wouldn't hold more—

All came from the basket, the brown wicker basket,

The old market basket that father once bore.

Eggs then cost a trifle—each fresh as a daisy,

No hated cold storage was known, by the way,

And every one than would have thought you were crazy

To ask for "nut butter," as folks do today.

Twelve cents for a pound of good pork or of scrapple.

A little bit higher for chops at the store,

'Twas kept in the village by Marvin and Chappel.

And no one delivered things then at the door—

They came in the basket, the brown wicker basket,

The old market basket that father once bore.

How often in the present when worried and harried

I think with a sigh of those days of delight,

And picture the basket that father then carried

And brought home filled up to the brim every night.

How fresh were its contents, as fragrant as honey,

The prices, all told, made a laughable score.

How eagerly, gladly I'd plunk down my money

For three times their cost at that time even four—

If fresh from the basket, the brown wicker basket,

The old market basket that father once bore.

William Wallace Whitlock.

AN OZARK ROMANCE.

Mr. Melton Hawkins has gone to Frog Level to see his sweetheart

—By Shelby Harrington.

During the war between the States, in a certain town in Breckinridge county, lived a sick woman. Some soldiers belonging to the army which this woman did not endorse passing near her gate, asked permission to draw some water from her well. She refused them. Being gentlemen they rood on in their thirst.

Another women in this county, where soldiers were stationed by Government order, gave fresh butter milk daily to the ones who called for it, though she was not on their side of the question.

Which of the Two Was a Neighbor?

Let me tell you of another woman, a modern "neighbor," Madame Josephine of Europe heard of the deplorable condition of Armenian women and children, and, hide, herself to Freibord, where hidden in caves in the forest there were multitudes. The Turks were very vigilant and it required all her tact and ingenuity to avoid being caught by them. Dressed as a peasant she made frequent trips to the Missionaries for money to buy daily rations of corn meal which she had peasants bake and carry to them in small quantities. Clothing was also smuggled to them. One bundle contained tiny garments for a new born baby! (Mother! Mother! does not this remind you of the Babe of Bethlehem, of Him who said "unto the least of these, unto Me?") Madame Josephine kept them alive until the Allies captured Freibord, and these refugees were able to emerge from their hiding places.

How good was the sunlight and air which God gave them and the change of diet to that young mother from corn pone to something more appetizing. Think of her when you next seat yourself at your bountiful table.

Someone said how long must I give? The answer was "until God stops giving to you."

Women, let us wake up our gratitude and generosity. Surely they are not dead—only sleeping. "Give till it hurts." You can reach the place where giving becomes your greatest joy. Try it and see!

A subscriber of the News in Mississippi sent a nice check to our county treasurer Mr. B. F. Beard, Hardinsburg Bank. Do thou likewise, if so be thou art a neighbor.

God bless us every one!

"CHEWING GUM"

Just stop and think how much chewing gum is used a day in the United States. Can you see that chewing gum does any good? Some will say that it will keep your teeth clean, however, I think they are mistaken. We have tooth brushes and paste especially for keeping the teeth clean if you will only use it, I have never seen anyone with their teeth cleaned by chewing gum alone.

day that chewing gum was awfully hard to get. I have a little song that I heard a merchant say the other goes like this:

Once I knew a sweet little miss Sweet as she could be

I thought I could marry her, As sweet as she loved me.

Her old father was rich as a Jew He had a big income,

The only fault I could find to her She was fond of chewing gum.

Chorus Chewing, chewing, chewing, Chewing, chewing gum.

The only fault I could find to her She was fond of chewing gum.

I took her to the hall one night Expecting to have some fun,

And right in the middle of a charming waltz She stopped to chew her gum.

I went to introduce her to my friends She stood like she was dumb,

She did not say a single word, But stood and chewed her gum.

Chorus I proposed and she accepted, The wedding day had come;

The preacher came to tie the knot And her mouth was full of gum.

I got disgusted and left the room I started on a bum,

I swore I would never marry a girl That was fond of chewing gum.

Chorus —By Shelby Harrington.

Their folly shall be manifest to all men. 11 Tim. iii 9.

We know the failures—they are self evident. They pass us on the street with stooped back and sorrowful face.

Pity is all they receive and pity is not productive of happiness. You are not immune from a similar position if you fail to hear and heed the warning call to save—SAVE—SA-V-E!

The excellent facilities of this bank are at your service and we shall appreciate the opportunity to consult with you in reference to all financial matters.

UNHAPPY RESULTS OF OUIJA
BOARD AND SPIRITISM.

Statistics show there are more people in the insane asylums in this country than in our colleges and universities and that Ouija-Boards and Spiritism have much to do with it. Well, anybody who is weak enough to talk to Ouija-Boards and listen to the gabble of Spiritism hasn't far to go towards losing reason. Read your Bible for comfort.—Mrs. Grinnell, Meade County Messenger.

NO GIFT

A business-like man stepped into a butcher's shop.
"A piece of beef for roasting," he ordered, briskly.
The meat, mostly bone, was thrown on the scales.
"Look here," remonstrated the man, "you're giving me a big piece of bone."
"Oh, no I ain't," said the butcher blandly, "yer paying fer it."—D. & W. Chat.

Manufactures, which will take up the inquiry on Friday.

Senator Kenyon (Iowa), who has been active in the anti-profiteering campaign, declared to-day that as soon as possible it was hoped to start another inquiry, into the clothing business and prices, and that still others would be set afoot with a view of getting at responsibility for high prices, and determining remedies.

The shoe sub-committee comprises Senators McNary, Kenyon, Gronna (N. D.), Republicans and Reed (Mo.) and Jones (N. M.) Democrats.

AMERICA'S FRUIT, THE APPLE

People Are Beginning to Show It Proper Appreciation, and Crop Should Be Increased.

Americans are coming to treat apples more as a food and less as a between-meals superfluity than they used to do, yet when the north wind blows and the fireside glows they can't refrain from paying special attention to the question whether there is a plenty of them. This year, the farm reports tell us, there is not. There are, in the whole country, 1,001,000 barrels fewer than there were in 1918, and almost the same shortage from the crop of 1916, though we are considerably better off than we were in 1917. That is, we have 24,000,000 barrels this year. That's about one for each family in the country, and each family, not each member thereof, might. If they were evenly distributed, have one apple a day. The true lover of apples will never admit this to be sufficient, and he should not.

It is not especially cheering to learn that the country's crop of apples does not tend to increase. Our record crop was in 1912, but we had almost as many in 1896, and the crop in 1895 was greater than that in either of the past four years. But the apple is America's fruit, the most satisfactory, the most dependable, the most healthful fruit in the world.—Hartford Times.

MADE THEIR MOUTHS HOT

California Teacher Said to Have Used Red Pepper to Check Profanity.

Miss Ethel B. Bernier, a teacher employed at the Vine Hill school in Contra Costa county, Cal., will be summoned to appear before the state board of education to explain a charge that she has punished children under her care by compelling them to remain in their mouth quantities of red pepper for periods of as much as thirty minutes. Will C. Wood, state superintendent of public instruction, said.

Charges seeking to have Miss Bernier's certificate to teach revoked have been filed by Roland T. McPherson, a resident of Contra Costa county. An affidavit by McPherson said the pepper treatment was given to boys by Miss Bernier to punish them for use of profane language.

MRS. CHAS. PEDEN GAINS 27 POUNDS

Was Twice Examined and Each Time Told Operation Would be Her Only Hope.

"I have just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Chas. Peden, residing at 550 Mill St., Huntsville, Alabama. Mrs. Peden is one of the best known and most highly respected women of that city where she has made her home for a number of years.

When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh one hundred twenty-five pounds and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture and I was twice examined and each time told that an operation would be my only hope. I had fallen off until I only weighed ninety-eight pounds and was so weak I could hardly get around.

"I had no appetite scarcely at all, and what little I did eat would cause gas to form in my stomach which gave me palpitation of the heart, sick headaches and a dizzy feeling about the head. When those spells came on me, I would get awfully nervous. I worried about myself until I could rest and sleep but little.

"I had fallen off until I was almost 'skin and bones' and my strength and energy were slowly leaving me. I had a dread of the future and could see nothing but the operating table and the knife I had a perfect horror of an operation, but had made up my mind that it was either life or death and prepared to submit to it. I had made all preparations for the operation and called on my sister to tell her goodbye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for a while. The next day as I returned from the consultation room I thought of what she said, and as I had heard so much about Tanlac I decided to try it as a last resort, and stopped at the drug store and got a bottle. Of course, I had lost heart and had no faith in medicine, but to please my sister, I made up my mind to take it, and oh, what a happy day that was for me!

"I never returned for the operation, but just kept taking Tanlac and my improvement has been so rapid that none of my clothes fit me. Right from the start I began to improve. The medicine seemed to take hold right at once. It had a soothing effect, and in a few days I felt no pain at all. I was so happy over my wonderful improvement that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac and have just finished my third and feel like I have been made over again into a new woman.

"As I have said before, I now weigh one hundred twenty-five pounds and none of my clothes are big enough for me, and I will have to make them over again. I now have a ravenous appetite and my husband says I am simply eating him out of house and home. I have even gone back to my coffee which I was told not to touch. Those horrible pains in my back and head have all disappeared and I sleep like a child. I am no longer nervous, and when I get up in the mornings I am now able to attend to my household refreshed, cheerful and bright. I work again and I feel as if I had started life all over. My husband is highly delighted and my recovery is the talk of the neighborhood. I do nothing but rejoice all day long over the recovery of my health and praise Tanlac to everybody.

"I feel so grateful for my escape from the operating table and the knife that you may publish what I have said; you may if you wish, tell other women suffering as I was to come and see me and I will be glad to tell them about my case."

Tanlac is sold in Cloverport, Ky., at Wedding's Drug Store.—Adv.

USE DOGS AS SMUGGLERS

Animals Aid Illicit Dealers in Bringing Liquor and Drugs into the United States.

Training dogs to smuggle liquor across the Rio Grande river is the latest device of ingenuitous minds of those who make a living by means of illicit importation to the United States of liquor and drugs. That innovation in line running came to light at El Paso, Tex., recently when a Mexican river guard shot a "dog smuggler" in the act of swimming the Rio Grande with four bottles of tequila, a Mexican liquor of cactus distillation, tied across his back.

The dog, as the story of the service to his master is told by United States customs men, had been making nightly trips between Juarez and El Paso with contraband goods for several months. The strange, but regular, actions of the animal first were noted by customs officers about two months ago. Beginning at two o'clock in the morning, the dog would begin his operations. Signal lights flashed by confederates in the gang of smugglers stationed on each side of the river always preceded the dog's trip across stream. Dashing out of a cluster of squallid adobe houses along the Mexican side of the river, the animal would plunge into the Rio Grande with his load.

Emerging on the American side, the "smuggler" always was successful in eluding pursuers, who often sought to lasso the dog, being loath to shoot an unsuspecting law violator.

IN CHARGE DEMOCRATIC CAMPAIGN

Personnel of Committee Composed of Kentuckians who Rise Above Factions.

Kentuckians who are concerned about clean politics as an end to good government cannot fail to take heart from the announcement made this week of the personnel of the Democratic Committee which have been recently created as an outcome of the Conference held in Louisville.

They are composed of men who rise above factions whose chief aim is not "getting jobs for the boys" who are in politics for what they can put into it, and not for what they hope to get out of it.

They are the character of men that, entrusted with any business enterprise, would give it character and stability, and make of it a success. The Democratic party will not fail of their best efforts, their most sincere endeavor.

On the executive committee are Col. P. H. Callahan, of Louisville; former Senator Johnson M. Camden, of Versailles; Judge Chas. A. Hardin, of Harrodsburg; Marion E. Taylor, of Louisville; Mrs. John A. Fulton, of Bardstown; and Mrs. S. J. Fetter, of Ashland; H. A. Sommers, of Elizabethtown.

The general committee is composed of the following:

A. J. A. Alexander, Springs Station; Desha Breckinridge, Lexington; Jack B. Brown, Louisville; John E. Buckingham, Paintsville; Mrs. John C. Castleman, Louisville; Mrs. Samuel T. Castleman, Louisville; Mrs. Harrison G. Foster, Lexington; Harry Hanger, Richmond; Mrs. A. M. Harrison, Lexington; Alex. P. Humphrey, Louisville; Mrs. J. C. Layne, Ft. Thomas; Miss Alice Lloyd, Maysville; Mrs. Edmund M. Post, Paducah; Mrs. Cora Wilson Stewart, Ashland; James Uterback, Paducah.

Turtle Eggs in Chow.

Bolled turtle eggs are a novelty which has been added to the mess of the United States airlines on duty at the naval station at Guantanamo Bay, Cuba.

Two 200-pound turtles were captured recently by natives while sailing a small boat on the bay. When they were killed more than 100 eggs were found in each.

The egg of the turtle when removed from the body has a soft shell. The egg itself is about the size of a hen's egg. The inside resembles in taste and appearance the yolk of a hen's egg.

The eggs are bolled hard, and the shell is peeled off like the outer skin of an onion.

Mrs. Bowen Tells How Rats Almost Burned Her House Down.

"For two months I never went in our cellar, fearing a rat. One night in bed I smelled fire. Sure enough the rat had been nibbling at the matches. If I hadn't acted promptly my house would have been burned Later we found the dead rat. RAT-SNAP killed it. It's great stuff." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Conrad Payne & Co., Cloverport, Ky.; and B. F. Beard & Co., Hardinsburg, Ky.

PROTESTANTS SHOW STARTLING DECREASE IN CHURCH MEMBERSHIP.

New York, April 6.—The smallest annual increase in Protestant church thirty years is recorded for 1919, in membership in the United States for statistics compiled by Dr. H. K. Carroll, who prepared the first official census of religions, and made public tonight by the Christian Herald.

The increase for 1919 was only 56,000 as compared with the average increase for the ten years previous of 771,974. The slump started, he said, in 1918, which showed an increase of only 135,000 members.

The hitherto most prosperous denominations in the United States showed the following decreases for the year: Methodist Episcopal, 60,940; Presbyterian (U. S. A. Northern), 32,308; Disciples of Christ, 17,645; Methodist Episcopal (South), 16,404; Northern Baptist Convention, 9,156; National Baptist Convention, 33,007; Presbyterian (U. S. A. Southern), 8,811; United Presbyterian, 2,966; Cumberland Presbyterian, 1,643; Welsh Calvinistic Presbyterian, 922; Norwegian Lutheran, 2,910.

Among reasons assigned for decreases were interruption or suspension of regular work of many parishes by the war; calling of pastors from pulpits by the concentration of efforts in centenary and other gigantic drives for funds, and a great increase in deaths, due partly to influenza.

NEW ERA DRIVE SET FOR APRIL 25.

Rev. T. N. Williams in Charge
of Forces in Ky. Synodical
Quota \$136,000.

Local Presbyterians (U. S. A.) are organizing their forces for the financial ingathering, April 25th. All churches have quotas more than 50 per cent above last year, but they are undertaking the job with a better organization and more confidence than they had then. After successful Methodist and Baptist campaigns, the Presbyterians do not intend in their New Era Movement to show any but the usual form.

W. A. Province, speaking on the increased income of Christian people, few days ago, said "Even the large increase in the askings of the churches has not kept pace with the increase of the income of the people, according to a chart, for which the Curtis Publishing Company is responsible, the increase for the South in the value of farm crops last year over those for the period 1911-13 was 180 per cent as against an increase of 150 per cent for the country in general and 151 per cent for the next most prosperous section. Increase in church support and benevolence in the South has been at the rate of about 40 per cent including last year's good record. Few people are impoverishing themselves."

Rev. T. N. Williams, of Louisville, is in charge of the forces for Kentucky, and the synodical quota is \$136,000 of the Assembly's budget \$19,828,070.

ANTI-SUICIDE CLUB FOR DOWN AND OUTERS

Helping Hands Stretched Out By Salvation Army Workers to the Despairing.

Many anti-suicide clubs in the state of Kentucky are quietly carrying on the work of inducing people not to take their own lives.

These clubs are among the Salvation Army's many agencies for grappling with moral and social problems. Practically every active Salvation Army corps in the state has one of these clubs—whether the agency bears the name of "Anti-Suicide Club" or not.

State Army officials report that local Salvation Army officers frequently are notified of cases of attempted suicide, or of those suffering from morbid impulses. Particulars in these cases come from police, relatives of the distressed persons, or through other agencies.

Salvation Army officers, when they hear of a case of a person being on the verge of taking his own life, immediately call on the person and give what advice or relief is necessary. By talking things over with the Salvation Army officer, the person gets a different view of things and often concludes that life is worth while.

This is one of the many agencies for good in the work of the Salvation Army, whose Home Service Campaign is on in Kentucky, May 10-20.

F. K. LANE HEADS NATION-WIDE DRIVE

Former Secretary of the Interior to Conduct Salvation Army Home Service Campaign.

One of the best-known men in the country, Franklin K. Lane, former Secretary of the Interior in President Wilson's cabinet, is to be the national chairman of the great Salvation Army Home Service drive, May 10-20.

Although under contract to assume charge of some great oil well properties for rich westerners April 1, ex-Secretary Lane declared that this work would wait until he had discharged his duties as head of a great campaign to raise money to help the poor and the unfortunate.

A "shirt sleeve" man himself, Secretary Lane knows what the pinch of poverty is. Born and reared a poor boy, he had many a hard knock before winning success.

In assuming charge of the campaign Secretary Lane said: "I know of no greater bulwark that could be raised against the rising tide of human unrest than to strengthen the hands of this band of self-sacrificing Christian workers who have the confidence of all men regardless of race, creed, color or position in life."

GOVERNOR MORROW GENERAL CHAIRMAN

Salvation Army Home Service Campaign in Kentucky Will Take Place May 10-20.

Governors of all states east of the Mississippi river are taking an active interest in the Salvation Army Home Service Campaign, May 10-20. Realizing the splendid work done by the Salvation Army and appreciating its earnest desire to fully meet present-day opportunities, Governor Edwin P. Morrow, of Kentucky, has accepted the general chairmanship of the campaign in this state. The state chairman is Judge Henry S. Barker, of Louisville. Judge Barker is very well known to Kentuckians. He served as a member of the State Court of Appeals, was president of the University of Kentucky, and is engaged in the practice of law in Louisville. Judge Barker has always taken a leading part in welfare work in Kentucky. Vice chairmen will be appointed for each of the thirteen districts in the state.

J. Paul Swain is the state director, with offices in the Coleman Building, Louisville. He is assisted by three division directors—H. M. Oldfield, for the Western Division; Owen R. Mann, for the Central Division, and C. C. Camden, for the Eastern Division. Charles W. Morris, Louisville, is chairman of the "Speakers' Bureau," and George E. Stephens is state publicity director.

In accepting the general chairmanship of the campaign Governor Morrow said:

"The splendid work of the Salvation Army appeals to the heart of all who are familiar with the work accomplished by its unselfish, devoted officers and members. Wherever the Salvation Army 'carries on' there you will find a need supplied; a foot-sore unfortunate comforted, a hungry one fed, an aching heart given succor of sorrow.

"I appeal to the great heart of Kentucky to respond generously to the call of the Salvation Army in its Home Service Campaign. Let us not be outdone by other states in rallying to the support of an institution which has done and stands waiting to do its full share, brimful and running over, for the homeless and the afflicted."

FALLS OF ROUGH

The farmers are very busy with their spring work.

Lafe Beauchamp, of Owensboro, was here last week the guest of his parents, Mr. and Mrs. R. E. Beauchamp. Mr. Beauchamp had been to Leitchfield, where he has purchased a farm.

Rev. and Mrs. Henninger visited relatives in Breckinridge county this week.

Misses Mae Sarver and Allie Wooley visited Mrs. Wallace Morgan this week.

Mr. and Mrs. John Morgan spent Tuesday at Kingswood.

John Peyton, of Yeoman, spent the week-end with his sister, Mrs. J. N. Tulb.

Mr. and Mrs. T. J. Springate spent Sunday with his sister, Mrs. Mae Telford, of Lone Star.

Miss Allene Cannon, of Axtel, is visiting her sister, Mrs. Ferd Fentress.

MISTAKEN IDENTITY

An artist had painted a sunset of which he was very proud. He invited one of his best friends in to inspect what he called his masterpiece.

"That's fine work," said the friend. "It makes me hungry."

"Makes you hungry?" exclaimed the artist. "A picture of a sunset makes you hungry?"

"Sunset?" replied the visitor. "I thought that was a fried egg."—Manchester Guardian.

DEVOTEE OF G. O. P. DIES SUDDENLY

Lee H. Bosley, of Chenault, Dies in 60th year. Born in Indiana. Widow and Three Children Survive.

Hardinsburg, Ky., April 12. (Special)—On March 18, while attending Court here, Mr. Lee H. Bosley, of Chenault, was stricken with acute indigestion at the home of his daughter, Mrs. R. I. Stephenson, and Dr. Stephenson. After convalescing for about ten days Mr. Bosley was considered sufficiently recovered to return to his home, where he seemed very well for a few days when complications arose resulting in dissolution at 3 p. m., Wednesday, April 7.

Mr. Bosley was born near French Lick Springs, Ind., about sixty years ago, and was the son of the Rev. Joseph Bosley, of the Methodist Episcopal Church and Sarah Taylor Bosley.

After finishing at the Marengo High School, Mr. Bosley made his home in Louisville and traveled, representing a wholesale firm of that city until late years he gave most of his attention to farming and stock raising at his home place on the Ohio River near Chenault.

Mr. Bosley was married in 1884. Miss Nellie Gilliland, granddaughter of the late Mrs. Rachel Wimp Frymie, and to this union six children were born; two infants and a son in young manhood preceding the father in death. Those surviving are the widow and three children, Mrs. R. I. Stephenson, Miss Laura Bosley and Lee Earl Bosley.

Mr. Bosley was a staunch Republican and was always ready to promote the interests of his party. He was a kind and helpful neighbor; he was an especial friend to the boys, and will be missed by many.

The funeral was held Saturday afternoon with the interment in the family grave yard at Flint Island.

All of the family were present at the funeral except Mrs. Stephenson, who owing to illness of two children was prevented attending.
